

## **DEB Notice 090911 DEB Notice 071611 is Retracted**

### **Requirement for Federal E-Verify Program**

---

Code of Virginia §2.2-4308.2 added a requirement for the federal E-Verify program for selected employers and selected contracts with the Commonwealth, but the effective date was set at December 1, 2013; therefore, DEB Notice 071611 is retracted.

The E-Verify requirements incorporated in the July 2011 versions of the following documents were removed and corrected (August 2011) versions are available on the DGS Forms Center (<http://forms.dgs.virginia.gov>):

- General Conditions of the Construction Contract (CO-7), Section 3, Laws and Regulations
- Standard Form for Contractor's Statement for Qualifications (CO-16)

The E-Verify requirements incorporated in the July 12, 2011 version of the Department of General Services Debarment and Enjoinment Procedures for Construction were removed and a corrected version of these procedures is available on the DEB webpage (<http://deb.dgs.virginia.gov>).
